The Fulbright Center

The Fulbright Center (the binational Fulbright Commission in Helsinki, Finland) is a service organization that specializes in cultural exchange between Finland and North America. The Center administers grant programs and provides advising, training and information services for students, researchers and working professionals. The year 2012 marked the 60th anniversary of the signing of the Fulbright agreement between Finland and the United States.

The Fulbright Center is an independent, private, not-for-profit organization funded by the Finnish, U.S. and Canadian governments, the Finland-America Educational Trust Fund founded by the U.S. and Finnish governments, and increasingly by private Finnish foundations and Finnish higher education institutions. 80 percent of the Fulbright Center funding comes from Finland. The Fulbright Center Board of Directors consists of eight members appointed by the Finnish Ministry of Education and the U.S. Embassy in Finland. The U.S. Ambassador to Finland serves as the Honorary Chair of the Board. The Fulbright Center team has six permanent staff members and additionally temporary employees, volunteers and interns throughout the year.
