General Information

The online application form is used by Fulbright programs worldwide, and not all items in the application form are necessarily applicable to Finnish applicants. Thus, it is very important that you fill in the application according to the instructions in this leaflet, as this leaflet is for Finnish candidates only.

Please always have the instructions at hand while filling in the application form. In case there is a difference between the instructions in the online form and the instructions provided in this leaflet, please follow the instructions in this leaflet for Finnish candidates.

Please remember that it is the applicant's responsibility to make sure all required items are submitted by the application deadline.

The application is supported by all modern browsers. We highly recommend that you use a current version of [Google Chrome](#), which supports Windows, Mac, and Linux platforms.

Prior to starting an application, please complete the following steps:

Step 1: Learn requirements for submitting an application

Before you begin an application, contact the Fulbright Program Office in the country from which you are applying. Deadline dates and application requirements for a Fulbright grant will vary from country to country. You must make sure you are eligible to apply. Additional information and a list of participating countries can be found here: <https://foreign.fulbrightonline.org/>.

Step 2: Record username and password in a safe place

Your email address is your username. When you create an account for this online application, record your password in a secure place. You can log in and out of the application as frequently as you like using your username and password. If necessary, you can reset your password by clicking the "Forgot Your Password" link on the log-in page.

Step 3: Complete the application

You do not need to complete this application in one session. You can re-enter at any time to edit your application. However, once you SUBMIT your application, you CANNOT make changes to it.

To complete your application correctly, please answer all questions completely and carefully. Review these additional tips:

- Use upper and lower-case letters (e.g. John Smith). Avoid using all capital letters (e.g. JOHN SMITH). Do not use special characters, such as accent marks.
- You can copy and paste information into all text boxes.
- Limit your responses to the space provided in all text boxes.
- Prepare required documents and save them in PDF format. It is highly recommended that to preserve any formatting and special characters in your documents, you upload them in PDF format.

- Some questions are “required.” They are marked with an asterisk (*). You will not be able to submit your application until all required items are complete.

Step 4: Submit the application

Once you have entered all required information, including recommenders, review your application for errors. If all information is correct, submit your application. Once you submit you CANNOT make changes to your application.

U.S. universities/departments/programs have their own test requirements including score deadlines, which you can find on the university websites. Please also note that if the U.S. universities require you to complete the GRE Subject test, you most likely need to sign up for the test before the Fulbright selection decisions have been finalized. This is due to the GRE Subject test schedule; the GRE Subject test is offered only twice a year. The GRE Subject test is usually required for degree and non-degree students of certain disciplines.
