FULBRIGHT CENTER

The Fulbright Center specializes in cultural exchange between Finland and North America. It awards grants for academic exchanges between Finland and the United States, advises on study and research opportunities in the United States and Canada, and offers computer-based testing for academic admission and professional licensure.

Fulbright Center is a non-profit organization funded by the Finnish Ministry of Education, the American and Canadian governments, and a Trust Fund founded by the Finnish and U.S. governments. The Fulbright Center is governed by an eight-member Board of Directors, with equal Finnish and American representation. The Finnish members are appointed by the Finnish Ministry of Education and the U.S. members by the American Embassy in Finland. The U.S. Ambassador to Finland serves as the Honorary Chairperson of the Board.

The Fulbright Center awards grants to over 70 Finnish and American students, academics, and professionals annually. This year, 19 Americans have received a Fulbright grant to lecture, conduct research, study, or teach in Finland. In addition, the Center awarded 10 short-term grants during the academic year.

NAME:	Ms. Linda Holtslander
MAJOR ACADEMIC DISCIPLINE:	Library Science
SPECIALIZATION:	Development and Programming
CURRENT POSITION AND INSTITUTION:	Division Manager, Development, Programs and Public Relations Loudoun County Public Library, Virginia. Linda Holtslander is the Division Manager for Development, Programming and Public Relations for the Loudoun County (VA) Public Library. In 2005 she designed an initiative that successfully addressed through its services, programs, and volunteer opportunities the image of the library for teens by creating a welcoming setting where teens can be themselves, study, attend a event, listen to music or just catch up with other teens. Paramount to this endeavor was the development of dedicated space for young people to meet in the library in a safe and enriching environment on Friday evenings. Teens using the "After Hour" Teen Center have access to programs, gaming, music, food and activities, dictated by the interest of the teens. The "After Hours" program is one of 10 national programs selected for inclusion in the American Library Association's forthcoming Excellence in Library Service to Young Adults and was the 2007 winner of the prestigious John Cotton Dana Award which is given to selected libraries that have distinguished themselves by their public education and public relations efforts. She has been an adjunct professor at the University of California, Berkeley and San Jose State University. Ms. Holtslander is a professional photographer with work that centers on disenfranchised children in the USA and El Salvador. She is an award winning photo essayist with more than 30 gallery shows.
